

January 2011 Activities Report

ACON supported 20 orphans by feeding them when ushering in the year 2011.

ACON supported 50 widows with food during ushering in 2011.

Kales and Banana do well in biochar. We have mobilized farmers to use char in the holes where they plant crops when char is not enough for the whole farm.

Fuel Briquette from water hyacinth will save guard river from drying up due to de-forestation.
